

# WORD OF THE

# MONTH IN ART

In an attempt to foster more creativity and use of materials responsibly instead of wastefully, I decided to create a monthly contest for the art room. Students can participate when they are finished with their classwork. Each month there is a new word for inspiration to create an original artwork. Providing a prize is an incentive that helps students to take the contest seriously. Thanks to the foundation, quite a few students won some new art supplies.

## PRIZES AVAILABLE PROVIDED BY THE FOUNDATION

- 1 Paska Markers** -This was a request from the students.
- 2 Oil Pastels**- students always enjoy working with these in class
- 3 Double ended markers**- another request from the students.
