● WEARABLE ART

Thank you to the Venture grant, I was able to purchase cardboard cutters, glue guns with extra glue sticks, craft sticks and different colors of duct tape. Using these supplies, I have been able to complete this STEAM assignment with both my 7th grade classes in the 2nd and 3rd trimesters of the 2022-23 school year.

## MORE THAN JUST MASKS: WEARABLE ART 7TH GRADE

Students may use any and all materials to create an artwork that must be worn in some way. They decide what they will create, and how they will create it.

Shoes are a popular wearable choice with 7th graders. Ranging from sneakers to slides to high heels, these students used cardboard and tape to create their foot features.
