

# TREND 2022-23

NEW

EDITION 2023 ●

MAY 2023

● WEARABLE ART

Students first research wearable art. As a class we discuss wearable art vs. just something that you would wear on a daily basis. Students then envision what they want to create. Then using their choice of materials, they must engage and persist in creating a wearable artwork. The final step is a fashion show in class to reflect on their designs.

## CUTTING, GLUING, DESIGNING, EXPRESSING, CREATING

## LOTS OF NEW STYLES FOR YOUR WEEKEND
